RE: Incomplete Land Use Application

Mr. White,

On October 4, 2012, the City received the required 10 copies of your land use application for the conditional use permit for the electrical transmission line extending from the existing BPA Tillamook Substation to the proposed Oceanside Substation through the City of Tillamook, as well as the check for \$700. In reviewing your land use application, it appears that the application is incomplete.

There are three required items missing from the application packet received by the City. These items include:

- 1) The mailing labels as described on Page 4 of the City Land Use Application form;
- 2) Your signature and notarization of the Acknowledgement of Posting located on Page 5 of the City Land Use Application form;
- 3) Property owner signatures for the properties located at map #1S 10 25, Tax Lot 400, and map #1S 10 25AD, Tax Lot 700.

If I missed these items in your application, please point them out to me and let me know where to find them. Otherwise you have 180 calendar days to respond to this request. As you are aware, it is the applicant's responsibility to submit a complete application. Once these items have been obtained by the City Planning Department, the application will be considered "complete".

Thank you for your assistance. I appreciate your cooperation.

Sincerely,

A handwritten signature in black ink, appearing to read "David Mattison".
